

Appendix: List of Category for Entry

			A. For individuals and the public	B. For professionals
Tangible	1. Product	Product to be put on a daily basis	A1-01 Personal accessories	B1-01 Accessories for commercial use
		Product for writing/ producing	A1-02 Stationery	B1-02 Office supplies and tools
				B1-03 Agricultural tools and equipment
				B1-04 Equipment and facilities for production and manufacturing
				B1-05 Materials, parts, production/development/ manufacturing technology, and methods
		Product for cooking	A1-06 Kitchen utensils	B1-06 Kitchen equipment for commercial use
		Product for learning/studying	A1-07 Educational materials and tools	B1-07 Equipment and facilities for research, experiments
		Medical/health/ beauty product	A1-08 Sanitary/Beauty/Health goods and medical equipment for home	B1-08 Medical equipment and facilities
		Household goods	A1-09 Household goods and daily necessities	
			A1-10 Electrical appliances for daily life	
		Hobby product/ sporting goods	A1-11 Sporting, outdoor/leisure, hobbies and gardening goods	
		Audio/broadcast equipment	A1-12 Sound and video equipment	B1-12 Broadcast and sound equipment for commercial use
		Information device	A1-13 Communication appliances and communication equipment for public	B1-13 Communication equipment for commercial use
		Transportation equipment/facilities	A1-14 Transportation equipment and facilities	B1-14 Transportation equipment and facilities for commercial use
		Product for commercial transaction	A1-15 Furniture for shop and sales	B1-15 Shop furniture for commercial use and business transactions
		Equipment/ facilities for public space	A1-16 Equipment for public facilities and furniture for public	B1-16 Public equipment and facilities for commercial use
		Furniture	A1-17 Furniture for daily life and lighting appliances for home	B1-17 Office furniture and lighting equipment for commercial use
		Building facilities	A1-18 Fixtures for housing	B1-18 Fixture for business space
2. Space	Interior	A2-01 Interior design for shop and public space	B2-01 Space and interior for business use	
	Housing	A2-02-01 prefabricated housing		
		A2-02-02 personal residence/ interior		
		A2-02-03 apartment house		
		A2-02-04 other housing and living space		
	Facility	A2-03 Architecture and facilities for public	B2-03 Architecture and facilities for commercial use	
	Civil engineering/zone	A2-04 Block and community development	B2-04 Civil engineering structures	
Construction methods	A2-05 Construction methods for housing	B2-05 Construction methods for industry and public		
Intangible	3. Media	Content	A3-01 Publicity, advertisement and media contents	B3-01 Media and contents for commercial use, branding, and CI
		Food products/Packaging	A3-02 Food products and packaging	B3-02 Packaging for commercial use
	4. System	Software/service/ system	A4-01 Software, services, and systems/ interfaces	B4-01 Software/Services/Systems for commercial use and interface of commercial-use equipment
		Platform	A4-02 Social platforms	B4-02 Social infrastructure systems and infrastructure
		Business model		B4-03 Business models
	5. Activity	Approach	A5-01 Education/Promotion/Support methods	B5-01 Research and development methods
		Social capital	A5-02 Awareness improvement for individuals and public	B5-02 Awareness improvement and management methods for industry
			A5-03 Regional/Community development and social contribution activities	B5-03 Social contributions for industry

Examples of each category :

A. For individuals and the public

【Tangible】

1.Products

A1-01

Personal accessories

Contact lens, eye glasses, mask, hearing aid, pedometer, activity meter, accessory, watch, wallet, business card holder, shoes, slippers, bag, hat, clothing, diaper, prosthetic limb, etc.

A1-02

Stationery

Pen, notebook, pocketbook, glue, scissors, cutter, stapler, tape cutter, correction fluid, seal, vermilion ink-pad, ruler, electronic calculator, envelope, tag paper, book stand, book jacket, picture frame, painting tool (paint, pallet, and crayon), calendar, etc.

A1-06

Kitchen utensils

Eating utensils (chopsticks, cutlery, glass, cup, dish, bowl, small bowl, etc.), tray, water bottle, tea utensil, lunchbox, seasoning container, pot, frying pan, cooking utensils (knife, ladle, tongs, turner, slicer, sieve, bowl, etc.), cleaning utensils for kitchen, etc.

A1-07

Educational materials and tools

Intellectual toy, educational material, educational tool, magnifying glass, microscope, flask, beaker, etc.

A1-08

Sanitary/Beauty/Health goods and medical equipment for home

Toothbrush, nail clippers, ear pick, comb, shaver, dryer, tissue, towel, bath mat, laundry net, detergent, cleaning sponge, shampoo, body care goods, bath goods, portable toilet, facial roller apparatus, makeup article, beauty apparatus, hot-water bottle, weight scale, thermometer, hemadynamometer, massage apparatus, massage chair, fitness apparatus, home medicine, inhaler, blood sugar level measuring instrument, insulin syringe, etc.

A1-09

Household goods and daily necessities

Umbrella, paper fan, broom, dustpan, cleaning tool, emergency supplies, snow remover, sewing tool, cushion and floor cushion, mat, carpet, bedding (pillow, futon, etc.), dust box, hanger, insect killer, incense burner, welfare goods, nursing care goods, Buddhist altar fitting, other daily necessities, etc.

A1-10

Electrical appliances for daily life

Flashlight, clock, digital photo frame, vacuum cleaner, washing machine, refrigerator, microwave oven, rice cooker, electrical kettle, coffee maker, water purifier, food processor, hotplate, air cleaner, humidifier, electrical fan, stove, sewing machine, iron, high-pressure washer, etc.

A1-11

Sporting, outdoor/leisure, hobbies and gardening goods

Bat, ball, leg pad, golf club, fishing rod, fishing reel, yogamat,

training utensil, referee chair, line car, tent, lantern, trekking pole, outdoor chair and table, compass, binocular glasses, sleeping bag, cooler box, barbecue stove, musical instruments (piano, guitar, etc.), toy (card game and game machine, etc.), pet-related goods (leash, litter box, aquarium, etc.), floral organ, flower pot, planter, water pot, hose reel, sprinkler nozzle, pruning scissors, scoop plant factory for home, etc.

A1-12

Sound and video equipment

Headphone, earphone, headset, loudspeaker, audio player, audio amplifier, audio mixer, insulator, mike, TV, monitor, videocassette recorder, DVD player, etc.

A1-13

Electrical communication appliances and communication equipment for public

Desktop PC, notebook PC, tablet PC, mouse, keyboard, stylus, camera, video camera, telephone, mobile phone, smart phone, mobile communication terminal, printer, scanner, projector, HEMS equipment, etc.

A1-14

Transportation equipment and facilities

Wheelchair, walker, stroller, bicycle, motorbike, passenger car, railway, passenger vessel, ferry, aircraft, bicycle accessory, gear set, pedal, speed meter, motorbike accessory, car parts, car accessory, car tire, car audio, car navigation system, supplies for ship, supplies for aircraft, escalator, elevator, etc.

A1-15

Furniture for shop and sales

Ticket vending machine, automatic ticket gate, ATM, signboard, digital signage, hairdressing implement, pachinko game equipment, display furniture, plant factory for shop, etc.

A1-16

Equipment for public facilities and furniture for public

Automatic door, fire alarm, evacuation light, chair and desk for educational facility, lounge sofa, telephone booth, security gate, dust box for public, portable toilet for public, washbasin for public facility, stairs for public facility, bollard, fence, street light, sign board, telephone pole, curved mirror, movable fence, street furniture, spectator stand, braille tile, pavement, playground equipment for park, etc.

A1-17

Furniture for daily life and lighting appliances for home

Partition, hanger pole, laundry pole, potty, baby bath, chair, sofa, table, desk, storage case, shelf, storage furniture, bed, babybed, electric bulb, ceiling light, pendant light, desk light, floodlamp, etc.

A1-18

Fixtures for housing

Architectural hardware, fitting, interior and exterior material roofing material, curtain, air conditioner, built-in home appliances, kitchen, range hood and ventilator, water heater, remote controller for water heater, washbasin, interphone, sink, shower, bathtub, toilet bowl, stairs, garage, water purifying facility, doorplate, post, rain gutter, wood deck, terrace, sunshade, shelter, etc.

A2-01

Interior design for shop and public space

Exhibition booth, interior design for shop, interior accessory for shop, event space, exhibition space, space production, lighting planning, VMD, garden, room arrangement design, etc.

A2-02

Housing

A2-02-01 prefabricated housing
A2-02-02 personal residence/ interior
A2-02-03 apartment house
A2-02-04 other housing and living space

A2-03

Architecture and facilities for public

Shop, hotel, showroom, school, government building, bank, welfare facility, cultural exchange facility, art gallery, museum, library, nursery school, kindergarten, hospital, medical clinic, rehabilitation facility, airport, station building, square, park, sidewalk, bus terminal, observation deck, temple, religious facility, athletic field, stadium, commercial complex, etc.

A2-04

Block and community development

Urban district development, community and zone development, town development, etc.

A2-05

Construction methods for housing

Construction method for housing, structural member for housing, seismic isolation structure for housing, etc.

【Intangible】

3. Media

A3-01

Publicity, advertisement and media contents

Video game, book, electronic book, magazine, website, digital font, free paper magazine, TV program, public sign, information sign, advertisement, promotion planning, promotion and advertisement event, corporate advertisement and public relations, local government's journal, regional tourism map, regional public relations magazine, regional promotion campaign, etc.

A3-02

Food products and packaging

Nursing care food, baby food, hospital diet, in-flight meal, drink and food package, packaging container for food and drink, product package, package and container design for daily necessities, cosmetic package, package for drug and medicine, package for educational tool, shampoo bottle, CD jacket, packaging container, etc.

4. Systems

A4-01

Software, services, and systems/Interfaces

Video editing software, educational software, automatic translation program, household account application, map application, SNS, insurance service, child care support service, nursing support service, security system, educational system, service to support purchase and design of housing, service for residents of complex housing, HEMS, housing maintenance service, housing and building material supply system, housing value creation service, interface of

home appliances, interface of ATM, etc.

A4-02

Social platforms

Social business, local government system, scientific society, community platform, etc.

5. Activities

A5-01

Education/Promotion/Support methods

Educational support program, housing support program, regional exchange program, volunteer support program, etc.

A5-02

Awareness improvement for individuals and public

Activity for improving awareness of disaster prevention, work experience workshop, experience-based learning program, reconstruction support activity, cultural awareness campaign, etc.

A5-03

Regional/Community development and social contribution activities

Activity for promotion of regional exchange, activity for conservation of community resources, educational promotion and support activity, environmental conservation activity, support for developing countries, activity for creation of recycling society, activity for community development, festival planning, event planning, landscape design, etc.

B. For professionals

【Tangible】

1. Products

B1-01

Accessories for commercial use

Finger stall, name plate, armband, dust mask, dust goggles, work gloves, cotton work gloves, insulating gloves, helmet, life jacket, safety vest, work clothes, white coat, work shoes, safety shoes, lanyard, safety belt, etc.

B1-02

Office supplies and tools

Voucher, file binder, laser pointer, scientific calculator, cutting machine, bookbinding goods, drawing goods, safe, packing material, cardboard box, guide baton, white board, hand cart, pliers, nippers, screwdriver, saw, small work items, spray, paint, tool holder, vise, jig, electric tool, etc.

B1-03

Agricultural tools and equipment

Hoe, sickle, rake, mortar, lawnmower, hedge trimmer, cultivator, huller, threshing machine, rice polishing machine, weighing

machine, furrow coating machine, tractor, speed sprayer, radio-controlled helicopter for agrochemical spray, combine, rice transplanter, etc.

B1-04

Equipment and facilities for production and manufacturing

Floodlight, data logger, control equipment, digital micrometer, current probe, measuring equipment, surveying machine, indicator, FA equipment, programmable controller, actuator, industrial robot, processor, machining center, semiconductor manufacturing device, scaffold, wheel loader, hydraulic excavator, crane, sheet-fed printing press, container, belt conveyor, automatic carrier, etc.

B1-05

Materials, parts, production/development/manufacturing technology, and manufacturing methods

Sheet material, paper, block, ceramic material, glass material, coating material, processing method, manufacturing method, construction method, transportation technology, etc.

B1-06

Kitchen equipment for commercial use

Stockpot, steamer, deep fryer, Chinese frying pan, hotel pan and food pan, kitchen pot, frying pan for commercial use, bowl and sieve for commercial use, kitchen knife for commercial use, other cooking utensils for commercial use, banquet ware, food tray, bus box, oven for pizza, refrigerator for commercial use, wine cellar for commercial use, dishwasher for commercial use, water heater for commercial use, kitchen, towel warmer, ice machine, refrigerating stocker, etc.

B1-07

Equipment and facilities for research, development, and experiments

Pipette, electronic balance, agitator, homogenizer, gas chromatography, X-ray fluorescence spectrometer, biochemical automatic analyzer, fume hood, environment test equipment, durability test device, accelerator, radio telescope, etc.

B1-08

Medical equipment and facilities

Injector, intravenous drip, medicine, stent, surgical instrument, stretcher, biomonitoring, washer, suction machine, therapeutic instrument, nurse call button, medical cart, examination table, medical furniture, hospital facility, inspection and diagnostic equipment (ultrasonic diagnostic apparatus, MRI, CT scan, x-ray device, etc.), analyzer, packing machine for medicine, etc.

B1-12

Broadcast and sound equipment for commercial use

Mixing console, multi-track recorder, matrix switch device, loudspeaker for commercial use, mike for commercial use, power amplifier for commercial use, wireless mike system, sound processor, video camera for commercial use, etc.

B1-13

Communication equipment for commercial use

Computer for commercial use, thin client, telephone for commercial use, security camera, monitor for commercial use, projector, transceiver, radio communication apparatus for commercial use, printer for commercial use, composite printer, etc.

B1-14

Transportation equipment and facilities for commercial use

Commercial vehicle, bus, truck, crane truck, snowplow, freight train, tanker, transport helicopter, tire for commercial vehicle, signal for railroad, railroad crossing, signal, guardrail, electric vehicle charging station, gasoline meter, etc.

B1-15

Shop furniture for commercial use and equipment for business transactions

Register counter, receipt printer, label printer, POS terminal, handy terminal, barcode scanner, cash drawer, counting scale, settlement terminal, register, etc.

B1-16

Public equipment and facilities for commercial use

Side ditch cover, manhole cover, distribution board, earthquake sensor, water quantity measuring instrument, solar cell array stand, fence for construction work, fire hydrant, signboard for construction work, safety flag, safety cone, barricade, lighting for construction site, bookcase, base station, power transmission tower, wind power generator, etc.

B1-17

Office furniture and lighting equipment for commercial use

Office chair, office table, desk wagon, storage shelf, cabinet rack, locker, storage system, partition, reception office furniture, workstation, office ceiling light, etc.

B1-18

Fixture for business space

Ceiling embedded air conditioner, monitoring camera unit, security box, monitoring control system, management system, control panel, inter phone for commercial use, shutter, etc.

2.Space

B2-01

Space and interior for business use

Office space and interior, factory space and interior, workshop space and interior, management room, control room, control center, operation center, etc.

B2-03

Architecture and facilities for commercial use

Office building, research institute, factory, warehouse, distribution center, container yard, industrial complex, power plant, chemical plant, purification plant, etc.

B2-04

Civil engineering structures

Bridge, dam, breakwater, road, bank, tunnel, junction, water and sewage, water channel, flood control channel, harbor, etc.

B2-05

Construction methods for industry and public

Building method, construction method, civil engineering method, demolition method, structural member, seismic isolation structure, etc.

【Intangible】

3.Media

B3-01

Media and contents for commercial use, branding, and CI

Internal information dissemination media, company journal, new product presentation, brand management manual, operation guideline, service manual, branding, CI (corporate identity), etc.

B3-02

Packaging for commercial use

Transport package, packaging container, etc.

4.Systems

B4-01

Software/Services/Systems for commercial use and interface of commercial-use equipment

CAD software, software for development, medical software, customer management application, telemedical system, electronic medical record system, library book retrieval system, EMC (electronics manufacturing service), aseptic system, FA system, logistic system, POS system, order system, ASP service, interface of commercial-use equipment, etc.

B4-02

Social infrastructure systems and infrastructure

Water and sewage system, power generation system, smart grid, ecosystem, traffic management system, certificate system, disaster risk management system, medical cooperation system, tax payment system, etc.

B4-03

Business models

Advertisement model, tie-up model, license model, cooperation model, matching model, franchise model, etc.

5.Activities

B5-01

Research and development methods

Survey method, analysis method, idea creation method, academic-industry cooperation research and development, PBL (project based learning), open source development, etc.

B5-02

Awareness improvement and management methods for industry

Improvement of working style, improvement of operation flow, job awareness reform, organization reform, organization and team forming method, employment system, work regulations, etc.

B5-03

Social contributions for industry

Employment creation support, business start-up support, technical support for developing countries, dispatch of engineer, free provision of patent, etc.
