*The above schedule might be changed depending on the situation.*
GOOD DESIGN AWARD implements the screening by the 1st screening, which is based on the information provided by the applicants, and the 2nd screening, which is based on the physical items of the entries together with the registered information.

During the 2nd screening, the physical items of the entries are displayed at the exhibit hall, where the Judging Committee carefully examines each individual entry to identify its values and whether the physical item matches the registered information, by observing, operating and experiencing it, even for such entries as architecture and services that use graphic panel or other materials to substitute for the physical items. Besides, on the second day of the 2nd screening, the "Hearing Screening", where applicants could have direct communication with jury members will be implemented. Through all these processes, the Judging Committee will examine the entries from various viewpoints, and decide the winners after heated discussion within each screening unit.

For entries those have passed the 1st screening, the applicants shall abide by the following instructions to present the entries at their best to the jury members. Your cooperation will be highly appreciated.

Japan Institute of Design Promotion
GOOD DESIGN AWARD Office
[Outline of the 2nd Screening Implementation in Japan]

Venue: AICHI SKY EXPO B, C, D Hall

Installation: August 1 10:30 ~ 17:00*

2nd Screening Session: August 2 ~ 4 (Closed)

Dismantlement: August 5 10:00 ~ 17:00*

*Installation must be completed within the above-mentioned time, and the time cannot be extended.

*It is not allowed to send the entries directly to the venue.

*In order to prevent intensive contact in the venue, Organizer will divide the time zone for carry-in and carry-out in advance.

*Applicants are not allowed to visit the venue and should exit the venue immediately after installation and dismantlement.

*Applicants who select the screening for undisclosed entries, will be informed of the date for installation and dismantlement separately.

[Inquiry]

GOOD DESIGN AWARD Office (Japan Institute of Design Promotion)
E-mail : info-e@help.g-mark.org

Contact during 2nd Screening (Organizer Room, C Hall)
E-mail : info-e@help.g-mark.org
[Process of the 2nd Screening]

Applicants are requested to carry in/out their entries on the Installation/Dismantlement date of the 2nd screening session by themselves or requesting the agency service assigned by organizer to install and dismantle the entries.

*To use the official agency service, application in advance is necessary. Please submit the "Quotation Request" by July 19, and be sure the cargo will arrival at the destination port before July 25.
*The agency service provider can only accept the request for the service for both carry in/out. The request for only carry in service or only carry out service is unacceptable.

Undisclosed Screening
Applicants who wish to ensure safety of confidential information of their undisclosed entries can select the undisclosed screening. This screening will be held on August 2, and organizer will notice the details in mid-July, please come to the venue according to the specified time.
About the Materials to be Displayed

During the 2nd screening, the physical items of the entries are displayed at the exhibit hall, where the Judging Committee carefully examines each individual entry to identify its values and whether the physical item matches the registered information, by observing, operating and experiencing it. Please check the necessity for the category that your entry belongs to, and present it in the 2nd screening. Supplementary material is optional.

1. About the display items

▼Product / Service / System / Activity etc.
*Anything NOT applicable to below mentioned specific category
*The entry of product category must submit a physical work [Obligatory]

A. Physical item of the entry

Or

B. Substitute for the physical item
(An A1 size panel in vertical type)

▼Architecture & Construction (Unit 13, 14, 15, 16) [Obligatory]

C. Outline of the architecture
(An A1 size panel in vertical type)

D. Document material
(A3 size file in horizontal type within 10 pages)

▼Building Construction / Construction Method (Unit 13, 16) [Obligatory]

E. Outline of the Construction / Construction Method
(An A1 size panel in vertical type)

▼Building Construction / Construction Method (Unit 13, 14) [Obligatory]

F. Outline of the Service or System for Housing
(An A1 size panel in vertical type)
A. Physical item of the entry

- Please display the physical item of the entry in a way that the jury members can try or handle it freely.
- Please be sure to electrify the item when electricity is necessary for it to work.
- If necessary, please prepare several items for either display or experience.
- If the case of "Website" or "App", please show them activated with PC, tablet or smart phone.
- If there are other display items except the entry items, please attach a sticker to indicate that they are not entries.
- If the entry is a series of products as a whole one, please present the complete lineup. Only when the products in the lineup share the same design and performance, using a list or color sample to substitute for the actual items is acceptable.

[In case that physical item is not finished]
In principle, physical items of the entries are required for the 2nd screening. Under unavoidable circumstances, prototypes or mock-ups with the same specifications and functions as the final products are acceptable as substitutes. However, substitutes may be judged not to satisfy the requirements if they are expected not to have the same performance as the actual item and to have specifications different from those of the final product in terms of external appearance and functions. Also, the award might be canceled if the design of the final products is found to be different from the substitute for screening.

B. Substitute for the physical item  (An A1 size vertical panel)

For heavy/large items or services and systems without physical forms, please use an A1 size panel in vertical type (H841mm×W594mm, mounted on the 5 mm thick board) containing the outline and the design point of the entry, as a substitute for the physical item.

C. Outline of the architecture (An A1 size vertical panel)  
*Architecture&Construction: Unit 13, 14, 15, 16 only.

Please use an A1 size panel in vertical type (H841mm×W594mm, mounted on the 5 mm thick board) containing the outline and the design point of the architecture or construction, to present the subject entry. Please make sure the A1 panel itself would convey enough information to let others form an overall image of it.

[Specifications of the A1 panel]
1. Considering the "Screening perspectives", express the most important point of your entry briefly, with texts or charts.
2. Photos of both interior and exterior (Even in the case your entry is interior design only, both of those photos are requested.)
3. Ground plan (In the case of high-rise building, the plan for just basic floor plan is enough, but should include residential area.)
4. Construction of the building/architecture (for example, wooden, iron framework, etc.)
5. Photos and brief explanatory texts to show the context/relation with surrounding environment
6. The "Entry Number" must be marked conspicuously at the top right of the panel.

*Please make the panel in a way that others can understand the overall image, outline and appealing points of the entry.
*Please feature the points done with especial efforts.
D. Document material (A3 size file in horizontal type within 10 pages)

*Architecture&Construction: Unit 13, 14, 15, 16 only.

As the supplementary materials of C, please use a A3 size document (W420×W297mm) within 10 pages to present it. *10 pages means 5 sheets of paper printed on both sides and 10 sheets of paper printed on single side.

*Please submit it to the front desk of your screening unit on carry-in day. Due to the reconfirmation after the 2nd screening session, it will not be returned and will be shredded and destroyed after the 2nd screening is completely finished.

[Specifications of the document material]
1. Cover page - please write the entry number on the top right. The top cover page is not included in the 10 pages. Please only keep the entry number and entry name on the cover. Do not place other materials or pictures on the cover.
2. Outline - briefly explained concept and substance of the design.
3. The map indicates the location, photos and brief explanation texts to show the context/relationship with surrounding environment (not necessarily required in the case such as prefabricated housing without any specific location)
4. The specifications of the building/architecture (usage, number of the floors, construction, square measure list and interior/exterior finishing material list of the main part of the building, etc.)
5. Ground plan (floor layout, plane figure, elevation drawings, etc.) The scale is not specified.
6. Photos

*Any binding method for the document is accepted.

*If the document explains the contents on the A1 graphic board, please clarify the part on the board you mentioned.

*Please make a brief and straightforward material which jury members could understand the outline and intention/substance of the design at a glance.

E. Outline of the Construction & Construction Method (An A1 size vertical panel)

*Building Construction&Construction Method: Unit 13, 16 only.

Please use an A1 size panel in vertical type (H841mm×W594mm, mounted on the 5 mm thick board) to present the subject entry. Please make sure the A1 panel itself would convey enough information to let others form an overall image of it.

[Specifications of the A1 panel]
1. Outline of the construction&construction method (usage, main structural type, material etc.)
2. Explanations of the features and its difference from the normal construction or construction method
3. Isometric diagram and photos of the construction&construction method (and how it is applied)
4. Information about valuation and evaluation based on related laws such as Building Standards Law (https://www.bcj.or.jp/rating/)
5. Explanations of the expected benefits for users (end user, designer, construction manager etc.)

F. Outline of the Service or System for Housing (An A1 size vertical panel)

*Unit 13, 14 only.

Please use an A1 size panel in vertical type (H841mm×W594mm, mounted on the 5 mm thick board) to present the subject entry. Please make sure the A1 panel itself would convey enough information to let others form an overall image of it.

[Specifications of the A1 panel]
1. Outline of the service or system (explanation of the main target users, and the contents designed for them etc.)
2. Explanations of its difference from the current service or system
3. Visualized presentation of the basic structure of the service or system, such as a concept diagram or a flow chart of the service process.
4. Explanations of the expected benefits for users (end user, designer, construction manager etc.)
2. About the display space
   Please apply for the required unit display space through Entry Site according to the actual situation of your work. Since space is limited in the screening venue, please choose the minimum display space for your work. It is strictly forbidden to exceed the requested display space. In case of exceeding the space, the organizer will remove it.

3. About the display content
   As the display is for screening, there is no need to showcase your work with glamorous decorations and excessive publicity. Please make sure that your display is easy for the jury to understand the work. Please be sure to check the instructions on P5, "About the Materials to be displayed" and follow the requirements.

4. Possible size to be carried in
   An entry should be placed within W3m×D3m space (in the case on the table, W3m×D1m) flat space at maximum. Cars can be W3m×D6m. No special construction works or covering for installation are allowed.

5. Entry number representation requested
   During the 2nd screening process, the entries might be moved. To avoid any mix-up or loss, please make sure to attach a sticker with the entry number to your entry. Inconspicuous position is fine. However, for entries like cars and heavy/large machines that is impossible to move, the sticker is not necessary.

6. Electrifying
   During the 2nd screening, the entries of electric appliances will be electrified for 24 hours in principle, though easy switch on/off system is appreciated. (When carrying in, please show the staff at the counter how to operate it with the instruction paper etc.) For car audio etc., please prepare a power transformer to make sure that the electric appliances can be electrified with 100V power.

7. About display with PC, tablet, video equipment
   In the case you bring any electrified information equipment such as laptop or tablet as the supplementary material, please make and bring an operation manual in A4 size including login ID and PW to play or restart, just in case that unexpected shut down of the power supply happened. Please give the operation manual to the staff at the reception counter.

8. Internet connection
   In principle, the connection to Internet shall be prepared by yourself. In the case of wired Internet connection, you can apply for the usage of the line on the entry site.

9. About display of housing fixtures
   - For such entries as ceiling light, air conditioner, curtain rail and so on, which are used after being installed on walls or ceiling surfaces, please carry in and display the subject entries together with the walls and the holders. If it is difficult, please display with a panel or other substitute materials.
   - For lighting appliances, the display items of the entries shall be electrified during the screening.
   - For door knob, gas stopper, mixed water stopper and so on, please display its condition when installed on certain bases.

10. About the attendance of the Second Screening Session
    The screening session is not open to applicants. Applicants can not enter the venue these days. The authorized applicants who have applied for it can enter the venue at the designated time.

11. Other points to note
    Please confirm P22 and follow the rules.
Register Information for the 2nd Screening

From June 27 to July 4, applicants shall register the information of their entries such as required display space, whether apply for the interactive hearing, etc. for the 2nd screening on the entry site.

1. Method for 2nd screening
Please select one of the screening methods below.

[Regular 2nd Screening] Second screening fee: 58,300 yen (tax included)
[2nd Screening for Undisclosed Entries] Second screening fee: 58,300 yen + Screening fee for undisclosed entries: 104,500 yen = 162,800 yen (tax included)

For the implementation of undisclosed screening, the organizer provides space to ensure the security of the confidential information in the 2nd screening venue. The undisclosed screening is only suggested for the entries, which are not yet disclosed at the stage of the 2nd screening, or the exposure of which to other applicants might cause some troubles. For those who have wished for undisclosed screening, the organizer will notify them about the time and carry-in place separately, so the registration for the 2nd screening can stop here.

*Undisclosed Screening due date: August 2 for each entry, the installation, screening and dismantlement will be implemented on the time designated by the organizer.

*The entry that chooses the official agency service is not able to apply for undisclosed screening.

2. Submission of physical entry
Please select one from the two forms of display items below, after you confirm the contents, About the Materials to be displayed.

[Submit actual product]
Display the physical item of the entry, no matter whether additional materials like panels exist.

*Describe the additional materials if there are any of them.

[Submit substitute (A1 size panel, vertical type)]
Architecture or any other intangible.

*Describe the additional materials if there are any of them.

3. Installation method / Necessary space
[Installation method]
Please select the installation method based on the display items you have selected. The installation method is corresponding to the screening conditions. And the installation method is different according to the "display items for the second screening" that you selected in 2..

If [Submit actual product] is selected
Please select one from [Install on the floor] [Install on the table] [For cars only]. The combination of floor placement and table placement is unacceptable.

[Install on the floor]
Free (Charge for additional fees for extra sections)
Maximum space: 3m×3m

Direct placement (concrete floor)
- Please be advised there is no carpet nor mat.
- No partition, no backboard.
- You cannot screw the floor to fix. Please make it surely freestanding.

[Install on the table]
6,600 yen (tax included) for one table
Maximum space: W3m×D1m (3 tables)

OCTANORM system (silver), top board (white)
- No partition, no backboard.
- The space beneath the top board can not be used for display.
- No screw, no glue on the table. In the case the table is damaged, repair fee will be charged.
If [Submit substitute (A1 size panel, vertical type)] is selected
Please select either one from [Install on the table] or [Panel package].

*It is not allowed to select both the panel package and the general display table (Install on the table).
*The panel package includes a frame for posting the A1 panel board and a platform for placing the A3 detailed materials, brochures, tablets, etc. Only one display space can be requested for this method, and no additional requests can be made.

[Install on the table]
6,600 yen (tax included) for one table
Maximum space: W3m×D1m (3 tables)

OCTANORM system (silver), top board (white)
- No partition, no backboard.
- The space beneath the top board can not be used for display.
- No screw, no glue on the table. In the case the table is damaged, repair fee will be charged.

[Panel package]*
5,000 yen (tax included)
One selection only

OCTANORM system (silver), top board (white)
- No partition, no backboard.
- The space beneath the top board can not be used for display.
- Unable to install “shelving for the table”.
- No screw, no glue on the table. In the case the table is damaged, repair fee will be charged.

*No screw, no glue on the table. In the case the table is damaged, repair fee will be charged.
*If electric supply is applied, an opening will be made for wiring, with the top board.

Details of the table for [Install on the table]

Top view

Entry No. 350
750
Wiring port
W70mm×D35mm or W80mm×D40mm ※Size cannot be selected

184mm

The height of the items placed on the table should not exceed 184mm
[Necessary space]
Please specify and apply for the necessary space in "width×depth" to install the display items of the subject entries.
1 section (1m×1m) Free
For 2 or more sections 17,600 yen (tax included) per additional section shall be charged.
Maximum space (If the space you wish for is larger than the limitation, please contact the organizer.)
[Floor placement] 9 sections (3m×3m); [Table placement] 3 sections (3m×1m);
[Panel package] 1 section only (0.7m×0.35m); [Vehicles] 18 sections (3m×6m)

4. Option

[Electricity outlets]
Please be sure to electrify the item when electricity is necessary for it to work. For applicants who will use the electricity, the application for the power supply (fee charging) is necessary. Please register the [Necessary electricity supply], [Electrical outlet box(es)] if you wish for it.

[Necessary electricity supply]
Electricity supply < 0.5kW: 9,900 yen (tax included); < 1kW: 17,000 yen (tax included);
> 1kW: 17,000 yen (tax included) per 1kW

[Electrical outlet box(es)]
Outlet box (2 sockets/ AC100V grounded, maximum capacity 1.5kW)
1 box: 3,500 yen (tax included)
*If you apply for the electric power supply, please at least apply for 1 outlet box.

<Examples of Electricity outlets application>
Please calculate the total electricity consumption of all the machines in advance, and make applications for the necessary electricity supply.
E.g.1: Display with a laptop (electricity consumption: 60W)
Application: 0.5kW + 1 Outlet box = 9,900 yen + 3,500 yen = 13,400 yen
E.g.2: Display with two laptops (electricity consumption: 60W), and one laser printer (1.2kW)
Application: 2kW + 2 Outlet box = 34,000 yen + 7,000 yen = 41,000 yen

[Other equipments]
If you need panel stand to display the supplementary materials of the entries, you can bring it by yourself or rent the equipment from the organizer (fee charging). Please refer to the following instructions and make an application, if you want to rent the equipment from the organizer. The equipment you rent will be set in your display space before the installation day.
1. Shelving for the table; 2. Panel stand; 3. Internet access (wired)

For [Table placement]
Shelving for the table
3,000 yen (tax included) per table
- The number of the middle shelf you apply shall be equal to the section amount of the necessary space.
- You can only not apply for one middle shelf if you have applied several table sections.

For [Floor placement]
Panel stand
2,500 yen (tax included)
- Equipped with velcro tapes. Height (adjustable from 520 mm to 850 mm) / angle can be adjusted.
- Only able to afford a foam board (not able to hold a heavy frame).
- Cannot be placed on the [Table placement]
[Internet access]
Wired Internet access is provided as a fee-charging display option.
Fee: 40,000 yen (tax included) per address
Period: August 1 ~ 4
- The Internet provided by the organizer is via the optical line terminal shared by other users within the venue.
- The maximum speed for one user is assumed to be about 5Mbps. If you request higher speed, please directly apply for the line from the venue.
- The Internet access provided is via the wired LAN. LAN cable will be pulled out into the display space.
- We don't offer other network equipment except the LAN cable. If necessary, please prepare by yourself.
- The connection is enabled by accessing the DNS information and IP address from the DHCP server.
- The private IP address of IPv4 is the accessible IP address.
- Though there is supposed to be no communication among the users of the optical line terminal, the security cannot be guaranteed. Applicants shall take necessary measures to ensure the security.

5. FAQ
- If I select "Install on the table", can I display the panel board on the tabletop?
Yes, but the organizer does not provide or specify the panel stand. Please prepare your own panel stand and be careful not to let the panel board fall over and interfere with the works of neighboring booths.

- Is there a specific format for supplementary materials? Is there a limit to the number of supplementary materials that can be displayed?
The format of supplementary materials is free. They can be in the form of panel board, document material, model, video (the applicant need to provide your own playback equipment when showing video) and so on. You can display more than one supplemental material as long as it is within the scope of the application.

- Can packages of exhibits be stored in the display space or under the display table?
No. Items that are not related to the judging are not allowed to be placed in the venue. Please take them away for safekeeping, and there is no storage area in the venue.

- Can I use my own portable wifi if I don't want to use the organizer's wired internet?
Yes. If you want to use your own portable wifi, please check with the operator and set it up by yourself, the organizer will not assist in setting up and managing it.

- If I select "Install on the table", can I use anti-theft measures for my exhibits and playback equipment?
Yes. Please prepare your own installation equipment (fishing line, wire, etc.) and install it yourself. Please make sure that the display space and table can be restored to the original state after the display, do not affect the surrounding exhibits and do not exceed the scope of the application.

6. Instruction and note for the display space
All exhibits must be displayed in the space requested on the entry site. In case of "Install on the floor", the display area is within the white line box, and in case of "Install on the table", the display area is within the white board. Although there is no height restriction on the display, please be careful not to overturn or interfere with the display of other entries around you. Please make sure that lighter weight items will not be blown over by the wind as the venue is frequently ventilated. To avoid loss, all exhibits and materials must be labeled with the screening number.
Install on the floor, 1 display space
No optional equipment / display area is within the white line box

**Entry Number**
The organizer will prepare an entry number sign for each display space. Please display your work in the designated area. The screening number sign can be moved, but must be placed on the side of the aisle.

Install on the floor, 1 display space
With optional equipment / display area within the white line box

**Optional equipment: Panel stand**
With velcro. Remove the protective film and directly stick to the panel board. Angle and height can be adjusted.

**Optional equipment: Electricity supply**
Power supply and wiring for display space.

Install on the table, 1 display space
No optional equipment / display area within the white top board

Please be careful not to flip over when panel board is erected on the tabletop. Exhibits beyond the white top board is prohibited. Please make sure that lighter weight items will not be blown over by the wind as the venue is frequently ventilated. No items can be placed underneath the table, and the front, sides and ground below the table are not allowed to be used for display.

Install on the table, 1 display space
With optional equipment / display area within the white top board

**Optional equipment: Electricity supply**
Power supply and wiring for display space. Although the wire is reserved for a certain degree of spare length, please prepare your own extension cord if needed. White top board is equipped with wiring port.
Panel package

Only 1 display space can be applied, no additional space is allowed.

The panel package is a panel display device that has a frame, a display table, and velcro to hold the panel in place. In case of using display table, please make sure that the exhibits do not exceed the lower edge of the top board (the height should not exceed 184mm).

No items can be placed underneath the table, and the front, sides and ground below the table are not allowed to be used for display.

The panel package and panel stand (optional equipment) are equipped with velcro to hold the panel in place. Remove the protective film and directly stick to the panel board.

Setting method for the panel package and display stand

A1 panel board posting method

1. Remove the protective film of the velcro.
2. Stick the panel board directly.
3. Tear off the velcro and adjust the position of the panel board.
For the convenience of the participants and to avoid the dense state of carry-in and carry-out operations, organizer will provide agency services for the production of A1 Panel and A3 document material (Only for printing, laminating and binding), carry-in, setting up and carry-out and discarding from venue. If you need to use it, please prepare the relevant printed documents and apply for the service through Entry Site. The A3 document material print service is available ONLY to applicant from Unit 13, Unit 14, Unit 15 and Unit 16.

**Upload period of printed files: July 5 ~ July 8**

- One vertical A1 size panel (for large equipment, architecture, intangible design and other works that cannot show the actual works)
- One volume of horizontal A3 size document material (for the architectural and civil construction category of the participating works. 1 cover page + 10 data pages (one side print))

- Fee (tax included) : Vertical A1 size panel: 30,000 yen  
  Horizontal A3 size Document material: 5,000 yen
- Carry-in and setting method: after printing and mounting, it shall be moved to the display location of the 2nd screening venue and fixed. No report will be made to the applicants after completion of the setting.
- Carry-out and discarding method: after the 2nd screening process, removing from screening venue, then discard. Storage and return services are not provided.
- Must fill-in content : Please check P6.

**Vertical A1 size panel**

PDF files need to be set to vertical size (H841mm x W594mm).
- Printed documents must be in PDF format. (AI, PSD, JPEG and other formats are not acceptable)
- The panel must be one side. Double-side or plural boards are not acceptable.
- The “Entry Number“ must be marked conspicuously at the top right of the panel.
- The printing paper will be glossy paper and using dry mounting.
- Organizer will not process or modify the data. Print documents with low resolution or unclear portraits will also be printed directly, please check by yourself before apply.
- Any changes after the application deadline will not be accepted.
[Document Specification]
Please use Illustrator or PowerPoint to create printed files.

< General Considerations >
- Create an A1 vertical (H841mm×W594mm) sized art-board.
- There is no need to set trim line and bleed size.
- The document will be borderless printing.
- Delete auxiliary lines, ruler lines and other contents that no need to printed before saving as PDF format.
- Please set the resolution of the image to 350dpi.
- Documents with low resolution or unclear portraits will also be printed directly.
- For words or pictures that cannot be removed, please keep a distance of more than 5mm from the surrounding edge area.
- PDF file do not set password.
- The printed panel may have color deviation from the computer display, monitor, etc.

< Notes for creating files in Illustrator >
- Set the color mode to CMYK.
- Please outline the text before saving as PDF.
- When using a PSD image with a transparent background as a link, the body and transparent parts may produce subtle black lines when printed. Embedding and rasterizing operations are recommended.
- Color specification require is unnecessary.

Export from Illustrator to PDF (recommended)
- Standards: None
- compatible format: Acrobat7 (PDF1.6)
- Optimization of Web display: off

< Notes for creating files in PowerPoint >
- Page size setting should be made from user Settings. (H841mmxW594mm) In addition, the following Settings are recommended for documentation.

Use Microsoft PowerPoint to create Print File Settings
1. Open [Options] from [File].
2. Click [Advanced] , [Image Size and Quality]
- Select "Do not compress images in file"
- Set the "Default resolution" to "330dpi or higher"

- If you use Microsoft Legal add-ons/features to convert PDF, the quality of photos and images will be reduced to 200dpi automatically, please do following Settings.
Set up methods for converting using Cube PDF free software
- Document type (standard: PDF)
- Version (standard: 1.7)
- Resolution (standard: 600dpi)

Horizontal A3 size document material (Unit 13, 14, 15, 16 only)
The PDF document will be printed to a horizontal A3 size (H297×W420mm) white overlay paper.
Please keep only entry number and name on the cover.
The content of the dataset (excluding the cover) should be limited to 10 single pages.
Single side printing with staples on the left.
- Printed documents must be in PDF format. (AI, PSD, JPEG and other formats are not acceptable)
- Please put page numbers without the cover.
- Print factory will use Adobe Reader for document validation.
- Organizer will not process or modify the data. Documents with low resolution or unclear portraits will also be printed directly.
- Any changes after the application deadline will not be accepted.

### Carry-in/out for applicants

Please come to the venue according to the below time zone:

**Carry-in: August 1**
- 10:30 ~ 12:30; 12:30 ~ 15:00; 15:00 ~ 17:00; 17:00 ~ 18:00 (For Vehicles)

**Carry-out: August 5**
- 09:00 ~ 10:00 (For Vehicles);
- 10:00 ~ 12:00; 12:00 ~ 14:30; 14:30 ~ 17:00

*Please come to the venue strictly for carry-in/out according to the above time zone, and actively cooperate with the arrangements of the organizer. Leave the venue immediately after the assignment is completed, no visiting in the venue.

*If it is difficult to come at the time period specified by the organizer, please come at the appropriate time on the carry-in day (10:30-17:00) and carry-out day (10:00-17:00). It is not possible to change the date or extend the time.

*Only applicants who have obtained the Carry-in/out Vehicle Pass issued by the organizer can drive in and enter the venue while showing the vehicle pass. (Maximum vehicle carrying capacity 45t)

*Vehicles entering the venue should move after confirming the safe driving route. Please follow the instructions of the staff on site. After the unloading is completed, please leave immediately.

---

**[Requesting official agency service to install and dismantle your entries]**

For applicants from abroad the agency service assigned by organizer can be requested to install and dismantle the display items. Please check the detailed information about this service (P24--).
[Measures to prevent COVID-19 transmission]

In order to prevent intensive contact in the venue, organizer set the following measures based on the "Aichi Sky Expo COVID-19 Infection Prevention Countermeasures Utilization Guide" (October 25, 2021) developed by Aichi International Convention & Exhibition Center Co., Ltd. and please cooperate actively.

1. Organizer will divide the time zone for carry-in and carry-out in advance. Please come to the venue according to the specified time. In addition, please ensure that the minimum of people for carry-in & carry-out operations and please ensure that conversation will be kept to a minimum.

2. Please check your temperature in advance. If the following conditions exist, organizer will refuse to enter the venue. The same applies to staff and juries.
   - Fever above 37.5°C.
   - Accompanied by cough, dyspnea, body burnout, sore throat, nasal discharge, nasal congestion, impaired taste and smell, eye pain and conjunctival congestion, headache, Symptoms of joint and muscle pain, diarrhea, nausea and vomiting
   - Within two weeks, have visited countries or regions where the infection continues to expand.
   The organizer will set up the health checkpoint at the entrance and exit. Those who have the above symptoms will be denied admission.

3. Wear a mask when entering venue. If there is no mask, organizer will refuse entering venue. Disinfectant and thermometer will also be placed at each entrance of venue. Please actively disinfect your hands and confirm body temperature. In addition, all office staff in venue will wear mask, disinfect the hands and confirm body temperature.

4. In carry-in and carry-out operation and the screening process, all or part of doors and windows of venue will be opened for ventilation. Applicant are advised to take adequate measures to ensure that their display items will not be tipped over by ventilation. Organizer will not take any measures against wind.

5. After carry-in and carry-out, please leave the venue quickly, stay in venue is not allowed.

6. Please consider the official agency service of carry-in and carry-out.

[Access to the venue]

Venue: AICHI SKY EXPO B, C, D Hall
5 minutes in walking distance from Centrair International Airport Terminal

- By car (Please check P16)
  Approx. 40 minutes from Nagoya. 1 minute from the airport to the venue via Rinku Honsen Toll Gate.
- By train [Meitetsu Line] Meitetsu Nagoya Station → → → (μSKY 28 minutes / Express 35 minutes) → → → Central Japan International Airport Station
- Parking Guide (All parking areas around AICHI SKY EXPO will charge a fee)
  AICHI SKY EXPO Parking: Standard, 3384; Large and Medium, 63 (24 hours only)
  Standard 800JPY / 1 DAY; Large and Medium 1,900JPY / 1 DAY
[About entrance to and exit from the screening venue]

1. About the screening venue
   The screening venue is at AICHI SKY EXPO, B, C, D Hall. Please confirm the location of the screening venue in advance to make the entrance more smooth. If you are entering by car, please enter through South Gate 2 and follow the instructions of the attendants.

2. Route for carrying in/out by car
   Please find the back side of "Carry in/out Vehicle Pass" for the details.

   ![Route Map](image)

*You can not park at the venue. Please move the vehicle to the Vehicle Waiting Area, as soon as the unloading is finished. And please conduct a vehicle safety check before entering the venue. Please follow the guard's instructions when moving the vehicle.

*When carrying out, please come to Vehicle Waiting Area at first, and follow the guard's guidance.

3. Carry-in/out Vehicle Pass
   For carrying in/out, an applicant can have one vehicle (with maximum load capacity no greater than 45t) driving into the venue. When entering the venue, please put the Carry-in/out Vehicle Pass distributed by the organizer on an evident place where it’s easy to see it from the front glass. One applicant will get one pass in advance. Vehicles without the pass can not enter the venue. If you need Vehicle Pass, please apply for it via email (info-e@help.g-mark.org) before July 18 and organizer will send it to you by post.

4. Entry Pass
   Please make sure to bring the Entry Pass when you carry in/out, install and dismantle the display items of your entries. Five Entry Passes will be distributed to each applicant by the organizer in advance. If you need Entry Pass, please apply for it via email (info-e@help.g-mark.org) before July 18 and organizer will send it to you by post.

5. Other points to note
   Applicants shall take responsibility for the installation and dismantlement of the display items of the entries. Organizer can’t look after the display items of the entries and the packaging materials. (The official agency service is one alternative.)

   Please be punctual in carrying in/out the display items, following the time designated by the organizer. In case of congestion, please follow the staff’s instructions.
**Installation**  August 1, 10:30 – 17:00

In order to prevent intensive contact at the venue, Organizer will divide the time zone for carry-in and carry-out in advance. After completing the work and receiving the "Confirmation Form of Installation", leave the venue immediately. It is strictly forbidden to take photos or visit the venue.

Things to prepare in advance:

1: Entry Number  
2: Entry Pass  
3: Subject Entry (Display item)  
4: Mask

Display location is allocated to each entry according to the entry number. Please be sure to check the entry number from the entry site. The location for your entry will be released on the website in late July.

**Process from reception to display**

Subject entries shall be carried in and installed following the process below.

1. **Check the Entry Number and head for the Reception Counter of the Unit**
   
   Entry Number G010012 → Reception Counter of Unit 01
   
   *Please refer to the number here.*

2. **Entrance Check at the Reception Counter of the Unit**

   *Confirm the entry number and name of the business owner*

3. **Display the subject entry**

   *To avoid losses, please ensure to attach a sticker to show the entry number to your entries.*

4. **Confirm the display conditions and points to note together with the staff**

   *For those who display with video equipment, please give the operation manual to the staff.*

5. **Get the confirmation form of installation at the reception counter**

   *The confirmation form is necessary for dismantlement. Please keep the form until dismantlement.*

**[Points to note about installation]**

- Organizer cannot keep packing materials at the venue. Please take them away with yourself. If the applicants leave the packaging material at the venue, the organizer will dispose it and charge a disposal fee later (per entry 5,500 JPY tax included).
- Please do not lend your pass to others.
- Delivering the display items of the entries directly to the venue is NOT allowed.
- Visiting and photo shooting at the venue is strictly prohibited. Please make sure that the photos taken of your work do not include the work of other applicants.
- If you want to use the official agency service, please check P24~
- In the case of carrying in by vehicles, please follow the staff's instructions and carry in obey commands.
- Please bring any necessary tools for your installation with yourself.
- Organizer cannot supply electricity for the tools. Please bring the battery type tools.
- Please be careful to prevent heat stroke.
In order to prevent intensive contact at the venue, Organizer will divide the time zone for carry-in and carry-out in advance. After completing the work, leave the venue immediately. It is strictly forbidden to take photos or visit the venue.

Things to prepare in advance:

1: Entry Number  
2: Entry Pass  
3: Confirmation form of installation  
4: Mask

## Process from reception to dismantlement

Subject entries shall be carried out and dismantled following the process below.

### Dismantlement  August 5, 10:00 ~ 17:00

<table>
<thead>
<tr>
<th>Step</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1    | Check the Entry Number and head for the Reception Counter of the Unit  
Entry Number G010012 → Reception Counter of Unit 01  
*Please refer to the number here.  |
| 2    | Entrance Check at the Reception Counter of the Unit  
*Confirm the confirmation form of installation  |
| 3    | Carry out the subject entry |

### [Points to note about dismantlement]

- Organizer cannot keep packing materials at the venue. Please take them away with yourself. If the applicants leave the packaging material in the venue, the organizer will dispose of it and charge a disposal fee later (per entry 5,500JPY tax included).
- Visiting and photo shooting at the venue is strictly prohibited. Please make sure that the photos taken of your work do not include the work of other applicants.
- In the case of carrying out by vehicles, please follow the staff’s instructions and carry out obey commands.
- Please bring any necessary tools for your dismantlement with yourself.
- The electric power supply will stop at 16:00 for those who have applied for it.
- Organizer cannot supply electricity for the tools. Please bring the battery type tools.
Management for Entry and Venue

1. About display
   **Display location decision**
   The location of the display will be decided by the organizer, and participants will be notified in early August.

   **Preparation for display**
   Participants application for display space, exhibition tables, power supply and other display items on the Entry Site, will be completed before the participant carry-in. However, the cable network connection will be completed by the morning of the carry-in day.

   **Attention about display**
   - Due to ventilation measures, carry-in, carry-out and screening days, the venue will be ventilated.
   - For displaying items that may be dumped, please prepare your own anti-dumping measures. The organizer will not respond to anti-dumping measures to each work.
   - There will be no wall in the display space.
   - The display table prepared by the organizer should not be modified. If the table is damaged by punching or adhesive, the participant shall bear the cost of repair.
   - All the lighting above the venue will be turned on.

2. Display protection and responsibility
   - The participant shall be responsible for the damaged, lost and stolen works during the period of carry-in and carry-out, and the organizer shall be responsible for the non-public period such as screening day.
   - Participants shall abide by the carry-in and carry-out time set by the organizer. Be careful in the process of carry-in and carry-out process and strive to prevent accidents.
   - The organizer shall not be held responsible for any damage or accident caused by natural disaster or other uncontrollable factors.
   - During the display and placement process of participants, the organizer has the right to restrict, suspend or require participants to take measures to prevent accidents when they judge the risks from the perspective of preventing accidents.
   - The organizer has the right to change the display method of the participants if finds that there are safety hazards.
   - Participants shall bear their own responsibility for accidents caused by their own actions.

3. Responsibility of participants
   The organizer will not be responsible for any problems arising from the intellectual property, quality, performance, safety or other construction of the works, participants shall bear relevant responsibilities.

4. Compliance and change of regulations
   Participants and persons associated with participants must comply with the provisions set forth in this Guide. In addition, in case of special circumstances, the organizer will make changes to the relevant regulations.

5. Other provisions
   During the display process, participants must observe the following rules. In case of any violation of the regulations, the organizer will immediately suspend the relevant activities.
   - The display must be conducted within the scope of the prior application.
   - The volume of audio equipment must be set below 60phon.

6. Security maintenance of the venue
   - For the wastes, bundles and packaging materials, corrugated boxes, etc. generated by the carry-in and carry-out process, the applicants must take them away from venue by themselves. If any irrelevant items are found in or around the booth, the organizer will take them back and discard them. In the future, the organizer will charge a disposal fee (¥5500 for each item).

   - Restoration of display space
   Participants have until 17:00, August 5, to restore their display space and related equipment to their pre-relocation status. If the restoration is not completed, the organizer will carry-out the restoration on behalf of the participants at participants own expense.
   *The display tables and electrical equipment prepared by the organizer will be removed by the organizer.

7. Photographing and video recording in the venue
   No photographing, video recording or recording at the venue(Photos are only allowed in the special souvenir photo area). Please make sure that the photos taken of your work do not include the work of other applicants.
Next Steps after the 2nd Screening

[Until the notification of the 2nd screening results]
The results of the 2nd screening will be notified as from 13:00(JST) on August 19 on your Entry Site account. The entries passed 2nd screening are to be "GOOD DESIGN AWARD 2022 winners" as from October 7, the day of award announcement. Applicants are requested to hold back to release the result before October 7, official announcement date.
During August 19 to 26, all the release information shall be registered on the Entry Site.

[Announcement of award winners]
Sept. 16 GOOD DESIGN BEST100 Presentation & Special Awards Screening Session
Oct. 7 Announcement of award winners
Nov. 1 GOOD DESIGN AWARD Ceremony (Offline) / GRAND AWARD Election
2023 Mar. Publication of the Yearbook

For GOOD DESIGN BEST100 Winners
Among all the GOOD DESIGN AWARD awarded works of the year, 100 designs considered to show the way to the life, industry, and society of the future and to be pioneering designs for tomorrow will be chosen as the GOOD DESIGN BEST100. The BEST100 winners can not only go through the screening for the Special Awards, but also get exposure in many promotional activities. Besides, complimentary "GOOD DESIGN BEST100" trophy will be presented. If your entries are selected, your cooperation will be highly appreciated.

Participate in the "GOOD DESIGN BEST100 Presentation"
All the GOOD DESIGN BEST100 winners are requested to give a presentation at a presentation event called the "GOOD DESIGN BEST100 Presentation" held on September 16 at Tokyo Midtown Conference. This presentation is one part of the screening for the special awards.

[GOOD DESIGN AWARD Certificate]
[Presented with compliments one certificate per one awarded work]
The certificate will record the name of the awarded work, the name of the awarded company, the name of the director and designer. The organizer will send it to your registered address by EMS at the middle of November. We hope you will make good use of it in promotional activities.

[Yearbook, GOOD DESIGN AWARD 2022]
[Presented with compliments one book per one awarded work]
The awarded designs each year are published in the yearbook "GOOD DESIGN AWARD". This is not only a public record of that year's GOOD DESIGN AWARD, but a document that archives the present state of design for posterity. It is a world-class design yearbook.
Guide of the Official Agency Service

(Requesting official agency service to install and dismantle your entries)

For applicants from abroad the agency service assigned by the organizer can be requested to install and dismantle the display items.

GOOD DESIGN AWARD 2022 official agency service provider, Kintetsu World Express Sales, Inc. (KSI) will receive the cargoes from applicants, carry them into the 2nd screening venue, open and set up, pack and carry out after the 2nd screening, discard or arrange for return.

*KSI only receive DDP terms shipments otherwise all parcels will be returned to origin with the original shipper’s responsible. We strongly recommend using major courier/express parcel service such as DHL, FedEx, UPS, OCS and TNT to ship your entry works to Japan. Do not use SF Express, EMS which can’t be used DDP conditions.

Deadline for Quotation Request: **2022, July 19 (JST)**

*Please complete and send Quotation Request (Excel data) and Display Instruction (Excel data) by email: gmark2022@kwe.com

*Please note that KSI will contact you via email for further matters.

Deadline of cargo arrival to destination port of KSI: **2022, July 25 (JST)**

As total measurement should be under 1 cbm / Total Gross Weight 100kg.

The chargeable weight will be calculated as the actual weight (Gross Weight) or the Volumetric weight (5,000 cubic centimeters per kilogram) of the shipment, whichever is the greater. (5,000 ㎤/kg)

For example: 50(L) x 50(W) x 50(H)cm ÷ 5,000㎤ = Volumetric Weight 25.0kgs
For your product shipment, please ask KSI G Mark 2022 team to send quotation request form along with your display instruction. Fill in the following form and email us no later than July 19, 2022. KSI will email you our quotation within 3 business days.

* Exhibit value you write on the quotation request will be used for the return shipping invoice value.

Shipping Terms

All parcels must be sent with DDP* term.

* DDP (Bill sender): The Sender is responsible for delivering the goods to the our designated warehouse in Japan, including all costs and risks in bringing the goods to import destination. This includes all export and import duties, taxes and customs formalities. Duty and Import tax must pay by the Sender through your courier company.

Neither JDP nor KSI pay Japan DUTY and Import tax for any shipment.

KSI only receive DDP terms shipments otherwise all parcels will be returned to origin with the original Sender’s responsible and expence.

We strongly recommend using major courier/express parcel service such as DHL, FedEx, UPS, OCS and TNT to ship your entry goods to Japan.

Do not use SF Express, EMS which can’t be used DDP terms.

Shipping Terms correction fee JPY30,000 will be billed to the original Sender.
